TATUM BROWN CUSTOM HOMES

Tatum Brown Custom Homes, named a Best Builder in Dallas multiple times by *D Home*, is a boutique custom builder specializing in one-of-a-kind luxury homes throughout Dallas, particularly the Park Cities and Preston Hollow neighborhoods. Although known for clean lines and transitional styles, Tatum Brown doesn't specialize in one particular look or style. "It's about creating a personal fit for our clients," says Mark Danuser, owner. "We want our homeowners to have a home that is uniquely theirs."

The Tatum Brown Custom Homes team has design and architectural backgrounds and devotes a lot of time looking for new vendors with unique products that can give their homes special details that won't be found anywhere else.

Detail oriented in all residential and commercial building and remodeling projects, Tatum Brown strives to create the perfect living environment for families. "We're a family builder, so our passion is building dream homes for other families," Danuser says.
